

Diagnostic Support Services is thrilled to announce we will be at the ASHI 50th Annual Meeting in Anaheim, CA.

Ready to Streamline your Lab Operations?

Diagnostic Support Services provides healthcare organizations with the most commonly required support services in order to meet the needs of their customers & patients. As your single point of contact, our team will help you integrate these solutions and our proprietary technology into your workflow, thereby helping you create efficiency, reduce costs, and stay competitive in the market.
