Most Major Platforms  
Supported

Custom Solutions for  
Portal and Cost Estimators

Enhanced Sample  
Processing Workflows

It's testing,  
*connected.*

## TECH INTEGRATION IS CRITICAL TO RUN A SUCCESSFUL LAB.

EMR and LIS/LIMS development require resources that often make it prohibitive for internal IT teams to develop and manage on their own.

Teams often find themselves overstretched, putting budgets, timelines, and business goals at risk.
