Automated
Phlebotomy
Scheduling

Automated
Sample
Kit Distribution

Automated Logistics
Tracking of the
Phlebotomy and
Sample Kit

Prior Authorization/
Pre Adjudication
Services

Technology is Critical to Running a Successful Healthcare Organization

EMR interfaces and laboratory Information Systems (LIS/LIMS) require resources that often make it prohibitive for IT teams to develop and manage on their own.

Medical Laboratories often find themselves overstretched and under-resourced, putting budgets, timelines, and business goals at risk.
